

2005 International Business Breakfast

Discover a World of Opportunity

The success of the International Business Receptions over the past seven years has inspired us to introduce a new International Business Breakfast. A packed morning of information and networking, this breakfast is the only event put together by the international business community for the international business community. During this morning, a panel of international companies who have set up operations in the Greater Philadelphia region will discuss the reasons that brought them to this area. Hear stories from:

- Dor Skuler – Safend – Israel
www.safend.com
- Jose Luis Blanco – Gamesa – Spain

- Anita Graham – Shire Pharmaceuticals – UK
www.shire.com
- Taro Yaguchi – Omori & Yaguchi – Japan

- Maja Adiletta - Arcobaleno Pasta Machines – Canada
