## *19<sup>th</sup> Annual Russian-American Innovation Technology Week & Days of Russian-American Innovation Entrepreneurship Cooperation*

2014 will mark the 20<sup>th</sup> anniversary of the Mid-Atlantic - Russia Business Council. The most significant MARBC-organized events will include **19<sup>th</sup> Annual Russian-American Innovation Technology Week (RANIT)** from March 12-15, 2014 and **Days of Russian-American Innovation Entrepreneurship Cooperation (RAVC 2014)** from October 27–29, 2014. The 19<sup>th</sup> RANIT will include discussions with business leaders, policymakers, financiers, and technology corporations to promote technological cooperation between Russian and American businesses. RAVC 2014 will bring together entrepreneurs, scientists, venture capitalists, and established Russian and American corporations to explore and shape the field of innovation technology. RANIT and RAVC programs and activities are designed to help foster dialogue and cooperation. They are supported by nearly 30 leading American and Russian business and governmental organizations, including the administrations of the City of Philadelphia and the Commonwealth of Pennsylvania, and Mid-Atlantic regional organizations focusing on international business, technology, innovations, and entrepreneurship. Russian delegations that will take part in these events will consist of representatives from the foremost Russian companies and educational institutions in innovation technology and related industries as well as senior federal and regional government officials.

The **19<sup>th</sup> Annual Russian-American Innovation Technology Week** will take place in Philadelphia and the Mid-Atlantic Region from March 12-15, 2014. Key Russian-American RANIT events will include the **Russian-American Life Sciences Innovation Conference** in Philadelphia on March 13 and **Russian-American Innovation Technology, University Research & Commercialization Roundtable** at the University City Science Center in Philadelphia on March 14.

The **2014 Russian-American Life Sciences Innovation Conference** is a multi-industry event, highlighting increased involvement by key Russian and American policy-makers. The discussion will include policy changes that have come as a result of the “Comprehensive Program of Biotechnology Development in Russia to 2020” as well as Russia’s entry into the WTO in August 2012 and its effect on the Russian-American partnership in the life sciences industry.

**Russian-American Innovation Technology, University Research & Commercialization Roundtable** will feature discussions on new technology and university-related commercialization. A multi-country panel will discuss the current connection between university research commercialization and entrepreneurship in Russia, Israel, and the United States.

# **Mid-Atlantic - Russia Business Council**

**Pennsylvania-Russia Business Council**

---

The **Days of Russian-American Innovation Entrepreneurship Cooperation (RAVC 2014)** will be held in Philadelphia from October 27- 29, 2014. As part of RAVC 2014, MARBC is organizing the **Russian – American Technology Entrepreneurship Conference**. MARBC is also facilitating Russian participation in the **Mid-Atlantic Venture Conference (IMPACT 2014)**. IMPACT is one of the oldest venture capital events in the United States that gives the participants a unique opportunity to access private investors and the largest regional venture funds. Additional RAVC events will include a roundtable at the International Incubator at the Science Center, featuring presentations by company residents, including the first Russian company with an office at the University City Science Center in Philadelphia. The Science Center is the biggest and oldest urban technology park in the United States.

For further details about the 19<sup>th</sup> RANIT and RAVC 2014, please contact Val Kogan, President of the MARBC, by phone: (484) 467-7444, email: [val@ma-rbc.org](mailto:val@ma-rbc.org), or visit the MARBC website at: <http://www.ma-rbc.org>.

*About the Mid-Atlantic - Russia Business Council.* Since 1994, MARBC has worked to foster business relations between Russia and the Commonwealth of Independent States (CIS) and the U.S. Mid-Atlantic region, while cultivating mutual appreciation of political, economic, cultural, and educational interests. The goal of MARBC is to enable companies based in the U.S. Mid-Atlantic region to enhance their positions in Russia and the CIS and to attract Russian businesses to the U.S. Mid-Atlantic region.

## **The 19th Annual Russian-American Innovation Technology Week (RANIT)**

### ***Russian-American Life Sciences Innovation Conference***

PHILADELPHIA, PA. — On behalf of the Mid-Atlantic - Russia Business Council and the Pharmaceutical Research and Manufacturers of America, it is our great pleasure to invite you to the **2014 Russian-American Life Sciences Innovation Conference**, which will take place at Dechert LLP at the Cira Centre, 21<sup>st</sup> floor, 2929 Arch Street in Philadelphia on March 13, 2014. This event will culminate in the **19<sup>th</sup> Annual Russian-American Innovation Technology Week**, from March 12-15, which will highlight the biotechnology, pharmaceutical industry, medical equipment, and life sciences with many sessions devoted to innovations.

Despite many political changes over the years, Russia and the U.S. have always been able to speak the language of science and progress in research to help develop technologies that benefit patients around the world. In the current environment, partnership is more important than ever. Whether between small and large companies, academia and industry, or the public and the private sectors, partnerships are now the key to success. This one-day conference will explore the opportunities to build mutually-supportive partnerships between the U.S. and Russia in the sphere of innovative pharmaceutical and life science development.

The discussion will include policy changes that have come as a result of the “Comprehensive Program of Biotechnology Development in Russia to 2020” as well as Russia’s entry into the WTO in August 2012 and its effect on the Russian-American partnership in the life sciences industry. Panels at this conference will acquaint participants with the Russian market overall and introduce positions of key industry executives and government officials responsible for policy. The conference will continue with in-depth discussion of the investment climate and key policy issues for Russia and the U.S.

The conference will also include panels on healthcare reform in the United States and Russia; state and regional efforts to promote cooperation in biotechnology and life sciences; legal and regulatory issues in the Russian pharmaceutical industry; new development in Russia’s medical device industry; the potential of clinical trials and other pharmaceutical research and development in Russia; university technology transfer; as well as other demanding topics.

The path forward for Russia and the U.S. is to exchange information and build long-term relationships in innovative sectors. We hope that this conference will further develop innovation in the life sciences and help find policy solutions that enable even stronger partnerships in the future. We are grateful for the support of nearly 30 leading American and Russian business and governmental organizations.

To register for the Russian-American Life Sciences Innovation Conference, please visit

For further information please contact Val Kogan, President of MARBC by phone at: (484) 467-7444, via e-mail at: [val@ma-rbc.org](mailto:val@ma-rbc.org) or by visiting the MARBC website: [www.ma-rbc.org](http://www.ma-rbc.org)

October 15, 2013

On behalf of the Pharmaceutical Research and Manufacturers of America (PhRMA) and the Mid-Atlantic - Russia Business Council (MARBC), we would like to invite you to attend the fourth Russian-American Life Sciences Innovation Conference, which will be held in Philadelphia, PA on March 13, 2014. The conference brings together leading policymakers, industry experts, and academics to discuss key drivers in the growth of U.S. and Russian life science sectors. The conference will culminate the 19th Russian-American Innovation Technology Week (RANIT), which will highlight the biotechnology, pharmaceutical industry, medical equipment, and life sciences.

Building on the success of our previous efforts, our goal is to better understand the challenges and opportunities to the continued expansion of life sciences innovation in Russia and the United States. The conference will consist of in-depth discussions of the investment climate and key policy issues for Russia and the United States. Specific discussions will focus on:

- Russia's "Comprehensive Program of Biotechnology Development in Russia to 2020" signed in April 2012;
- The impact of Russia's entry into the WTO on the Russian-American partnership in the life sciences industry.
- Healthcare reform in the United States and Russia
- State and regional efforts to promote cooperation in biotechnology and life science.
- The potential of clinical trials and other pharmaceutical research and development in Russia/
- University technology transfer

We hope you will be able to join us at the Russian-American Life Sciences Innovation Conference. For further information please contact Val Kogan, President of the MARBC, by phone at (484) 467-7444, via e-mail at: \_\_\_\_\_ or by visiting the MARBC website: \_\_\_\_\_

With best regards,

PhRMA

February 19, 2014

Val Kogan  
President  
Mid-Atlantic Russia Business Council  
1760 Market Street, Suite 1100  
Philadelphia, PA 19103

Dear Mr. Kogan:

On behalf of the University City Science Center, I would like to express our support of the Mid-Atlantic Russia Business Council's 19<sup>th</sup> Annual Russian-American Innovation Technology Week (RANIT) on March 12-15, 2014, as well as Days of Russian-American Innovation Entrepreneurship Cooperation in late-October 2014. The 19<sup>th</sup> RANIT will mark the 20<sup>th</sup> anniversary of Mid-Atlantic Russia Business Council.

We are delighted to welcome the Russian delegation of entrepreneurs, scientists, venture capitalists, and established corporations within the U.S. and Russian technology industries to the Science Center on March 14, 2014 as one of the key events of the 19th RANIT.

Established in 1963 and headquartered in Philadelphia, PA, the Science Center was the first, and remains the largest, urban research park in the United States. The Science Center accelerates technology commercialization, regional economic development, and the market availability of life-enhancing scientific breakthroughs by bringing together innovations, scientists, entrepreneurs, funding, laboratory facilities, and business services.

We value our partnership with the Mid-Atlantic - Russia Business Council and its involvement with our Global Soft Landing and Quorum programs. The continued collaboration between the Mid-Atlantic - Russia Business Council and the Science Center resulted in the first Russian company to open an office at the Science Center in 2012. We hope the 2014 RANIT and future programs will enhance our collaboration and that more Russian startup companies will join the Science Center.

We look forward to working with the Mid-Atlantic Russia Business Council to support RANIT-BIO Week in Philadelphia.

Sincerely,

  
Stephen S. Tang, Ph.D., MBA  
President & CEO

President  
Mid-Atlantic - Russia Business Council  
1760 Market Street, Suite 1100  
Philadelphia, PA 19103

Dear Mr. Kogan:

On behalf of Pennsylvania Bio, I express our support of the 19<sup>th</sup> Annual Russian-American Innovation Technology Week and the Russian-American Life Sciences Innovation Conference, hosted by the Mid-Atlantic - Russia Business Council on March 12-15, 2014 in Philadelphia.

We are delighted to welcome the Russian delegation of entrepreneurs, scientists, venture capitalists and established corporations within the U.S. and Russian technology industries to our state and hope that successful business collaborations will be developed as a result of their visit.

Pennsylvania is home to the entire life cycle of biosciences – world-class basic research, emerging companies, mature industry, and global bioscience companies. Pennsylvania Bio's mission is to be a catalyst to ensure Pennsylvania is a global leader in biosciences by developing a cohesive community that unites the region's biotechnology, pharmaceutical, research and financial strengths.

It is through cooperation within our community and with other regions, nations, and affiliations such as yours, that we are able to continue to grow one of the most vibrant bioscience centers in the world.

We congratulate the Mid-Atlantic - Russia Business Council with its 20th anniversary. We look forward to working with the Mid-Atlantic - Russia Business Council to support the Russian-American Innovation Technology Week and the Russian-American Life Sciences Innovation Conference.

All the best,

Mr. Val Kogan  
President  
Mid-Atlantic Russia Business Council  
1760 Market Street  
Suite 1100  
Philadelphia, PA 19103

Dear Mr. Kogan, 

On behalf of New Jersey's thriving life science industry, BioNJ is pleased to express our support for 19th Annual Russian-American Technology Week (RANIT) in Philadelphia and the Mid-Atlantic Region from March 12- 15, 2014.

Hosted by the Mid-Atlantic Russian Business Council, RANIT has grown to be a significant event devoted to Russian-American technology and business cooperation and brings together entrepreneurs, scientists, venture capitalists and established corporations within the American and Russian technology industries.

The biotechnology industry in New Jersey has experienced significant growth — expanding from 80 companies in 1998 to more than 350 today— and much of this progress can be attributed to the growing presence and contributions of internationally-based companies.

In 2011, I was honored to speak about New Jersey's biotechnology industry at the Russian Pharmaceutical Forum in St. Petersburg and also met with the Chamber of Commerce in Moscow to discuss the growing life science industry in Russia. It was a wonderful opportunity and so enlightening as to the many amazing things happening in Russia on the life sciences front. Thank you once again for the opportunity.

We congratulate the Mid-Atlantic Russia Business Council as you celebrate the 20th anniversary of RANIT. We wish you much success for the conference and hope that you will continue to achieve many positive relationships in the business community in the years to come.

Warm regards,

Debbie Hart  
President and CEO

Philadelphia, PA 10103

Dear Mr. Kogan:

The New Jersey Business Action Center is pleased to support the Mid-Atlantic Russian Business Council and the 19th Annual Russian-American Innovation Technology Week (RANIT) as well as the Days of Russian-American Innovation Entrepreneurship Cooperation (RAVC 2014).

The State of New Jersey shares your dedication in fostering relationships that will nurture growth opportunities in technological industries. Through the New Jersey Business Action Center, we supply advocacy and outreach to support businesses of all sizes. Our ongoing efforts work to advance the global competitiveness of New Jersey companies while leveraging New Jersey's ability to attract foreign investment opportunities.

Please accept our sincere congratulations as this year marks the 20<sup>th</sup> anniversary of the Mid-Atlantic-Russian Business Council. We look forward to welcoming the Russian Delegation to the Mid-Atlantic region.

Sincerely,

February 28, 2014

Mr. Val Kogan  
President  
Mid-Atlantic Russian Business Council  
1760 Market Street, Suite 1100  
Philadelphia, PA 19103

Dear Mr. Kogan:

The core mission of the Delaware Economic Development Office is to attract, retain and expand business. In the past year, we have been especially successful in accomplishing this goal on a global scale. We applaud the Mid-Atlantic Russian Business Council for fostering similar business efforts between Russia and the U.S. We have also intensified efforts to attract innovative companies to join our cadre of firms thriving in the life sciences. As such, we are excited to once again welcome the Russian delegation to our region for next month's Russian-American Innovation Technology (RANIT) Weeks and this fall's Days of Russian-American Innovation Entrepreneurship Cooperation (RAVC 2014).

The Delaware Economic Development Office is responsible for attracting new investors and businesses to Delaware, for promoting the expansion of existing industry, assisting small and minority-owned businesses, promoting and developing tourism and creating new and improved employment opportunities for all citizens of Delaware.

We congratulate the Mid-Atlantic Russian Business Council on its 20<sup>th</sup> anniversary, and we hope to continue to enhance our mutual business relationships.

Sincerely,

January 30, 2014

Mr. Val Kogan, President  
Mid-Atlantic Russia Business Council  
1760 Market Street, Suite 1100, \\\nPhiladelphia, PA 19103

Dear Mr. Kogan:

On behalf of the Maryland Department of Business and Economic Development, we look forward to welcoming the Russian participants to the **Russian-American Innovation Technology Week**, March 12-15 2014, and particularly to the **Russian-American Life Sciences Innovation Conference** in Philadelphia on March 13, 2014, both hosted by the Mid-Atlantic Russia Business Council.

Maryland has been ranked Number One in Innovation and Entrepreneurship by the US Chamber of Commerce for the past two years and has had a long relationship with Russia. We have regional partnerships with the Leningrad (20 years) and Nizhny Novgorod Regions (almost 4 years), and Maryland is one of only a few states with an official representative in Russia.

In addition, the University of Maryland at College Park has been collaborating with the Lobachevsky University in Nizhny Novgorod as part of the America-Russia Innovation Corridor and the American Councils' EURECA project. Five Russian companies worked out of the Maryland International Incubator (MI<sup>2</sup>) this fall and several more companies are expected in the spring. Also, in the field of life sciences, BioMaryland, has signed an agreement with the Puschino Biotechnology Cluster to further develop cooperation in bio-sciences. The State hosted the Bilateral Presidential Commission's Innovation Working Group at the University of Maryland's Bio Park in April of 2013.

The Mid-Atlantic region can be a strong partner for Russian technology companies looking to invest or establish trade relations with companies in the United States. We look forward to working with the Mid-Atlantic Russia Business Council to support these events in furtherance of these twin goals.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Walker". The signature is written in a cursive style with a long, sweeping underline.

Robert L. Walker  
Deputy Secretary

# PROCLAMATION

The City of Philadelphia's position as a model center of innovation has been greatly enhanced through the contributions of its diverse populations. Citizens have traveled from distant points across the globe to make Philadelphia their home and continue to enrich the City's economic vitality through progressive business development and scientific research and technological advances that impact education and healthcare.

From its strategic location in the nation's Mid-Atlantic region, Philadelphia proudly claims to have the 8<sup>th</sup> largest Russian-American population among other major cities in the country. The Philadelphia area has also been a leading region for Russian-American business.

On March 12 – 15, 2014, the Mid-Atlantic Russia Business Council co-presents the 19<sup>th</sup> Annual Russian-American Innovation Technology Week (RANIT). The 19<sup>th</sup> RANIT features discussions with business leaders, policymakers, financiers, and technology corporations in order to promote technological cooperation between Russian and American businesses. This critical dialogue is supported by nearly 30 leading American and Russian business and governmental organizations, including the administrations of the City of Philadelphia and the Commonwealth of Pennsylvania, as well as Mid-Atlantic regional organizations.

Representatives from leading Russian companies and educational institutions, as well as senior federal and regional government officials, will take part in programs including the Russian-American Life Sciences Innovation Conference and the Russian-American Innovation Technology, University Research & Commercialization Roundtable at the University City Science Center, the home of the first Russian company to establish an office in Philadelphia.

## THEREFORE...

I, Michael A. Nutter, Mayor of the City of Philadelphia do hereby proclaim the week of March 10 – 15, 2014 to be

## RUSSIAN-AMERICAN INNOVATION TECHNOLOGY WEEK

in Philadelphia and urge all citizens to be aware of the importance of this dialogue in fostering the development of Russian-American industries. I also congratulate the Mid-Atlantic – Russia Business Council, founded in 1994, on its 20<sup>th</sup> anniversary of cultivating business relationships between Russia, the Commonwealth of States, and the U.S. Mid-Atlantic region.

  
Michael A. Nutter  
Mayor

Given under my hand and the seal of  
the City of Philadelphia on this tenth  
day of March, two thousand and  
fourteen
