## Days of Russian-American Innovation Entrepreneurship Cooperation (RAVC)

October 27–29, 2014  
Philadelphia, PA

The Mid-Atlantic - Russia Business Council is pleased to announce the Days of Russian-American Innovation Entrepreneurship Cooperation (RAVC 2014), which will take place in Philadelphia from October 27 - 29, 2014. As part of RAVC 2014, the MARBC is organizing the Russian – American Technology Entrepreneurship Conference on October 28 at the University City Science Center, the biggest and oldest urban technology park in the United States. This conference is a key RAVC event, and will include a roundtable featuring presentations from the company-residents of the International Incubator, including the

Science Center's first Russian company-resident, Optiflame. RAVC 2014 will also feature a roundtable to discuss Russian-American educational technology cooperation. The MARBC will also be facilitating Russian participation in the Mid-Atlantic Venture Conference (IMPACT 2014) on October 28-29, one of the oldest venture capital events in the United States which just celebrated its 20-year anniversary, which showcases young and developing companies and provides participants with a unique opportunity to access private investors and the largest regional venture funds. As in previous years, the MARBC is continuing its commitment to being a supporting organization of IMPACT, bringing a delegation from the Russian venture industry and emerging Russian companies to participate at the conference. These events are a major part of the MARBC's nearly twenty-year-long effort to develop Russian-American innovation entrepreneurship cooperation.
