October 17-19, 2012

OMNI SHOREHAM
WASHINGTON D.C.

www.RETECH2012.com

The Premier Business, Policy and Technology Conference and Exhibition for the Entire Renewable Energy Industry

Welcome to RETECH 2012: The Renewable Energy Technology Conference & Exhibition

RETECH 2012 continues the tradition of assembling all of the renewable energy technologies, industries and applications in one place; providing government officials, utilities, executives, engineers, financiers, and other professionals a one-stop annual update on renewable energy.

PREMIER BUSINESS CONFERENCE

The 2012 RETECH Business Conference will unite thousands of attendees for an unparalleled program of more than 250 speakers; including renewable energy technology, utility, government and financial leaders covering every aspect of the renewable energy industry.

Conference Topics Include:

- Strategic Industry Market Trends and Issues in Policy and Public Affairs
- US Federal/State/Local Policies Programs and Perspectives on Renewable Energy
- Renewable Energy Power Generation Technology
- Innovations in Fuels, Transportation, Efficiency, and Technology
- Transmission and Grid Integration
- Renewable Energy Investment and Finance
- International Trade in Renewable Energy

Hosted by:

Organized by:

CUTTING EDGE TRADE SHOW

RETECH connects thousands of highly qualified buyers from across the globe with more than 100 exhibiting companies demonstrating the renewable energy industry's latest technologies, products and services in one highly interactive venue.

Since 1994, a major focus of Mid-Atlantic - Russia Business Council's (MARBC) efforts have been the establishment of the U.S. Mid-Atlantic region as a leading partner for Russian-American business and technology cooperation. Emphasizing Russian-American cooperation in lucrative fields, including advanced materials/nanotechnology, energy & environment, medical technology, pharmaceuticals & biotechnology, among others. MARBC has served RETECH as a Supporting Organization since 2008 and is working to attract Russian companies to the U.S. October 17-19 for RETECH 2012.
